ABOUT US

Our factory was created in 1974 in São Paulo by the famous french silversmith Christofle.

José Correa worked at Prataria Universal when they started in 1974, He turn quickly into workshop chief, then he opened his own workshop with his sons as a supplier of Chirstofle/Prataria Universal.

Sylvain started working at Christofle in 2000 as manufacturing director of the Yainville factory in Normandie France. In 2004, he went to Brazil to manage the brazillian factory.

In 2007, José and Sylvain came together to take over the manufacturing and perpetuate their unique savoir-faire.

Orfèvrerie Royale was launched in 2017 in Brazil, exhibiting at the fair ABUP Home&Gift Sao Paulo for the first time.

Then Carole and Maxime started to internationalized the brand by exhibiting at Maison&Objet Paris, Ambiente Frankfurt, Index Dubai, Gift & Lifestyle Middle East, Equip Hotel

With a line of more than 1000 objects, it ranges from the most useful item to the most innovative, in terms of design.

Finally, the artisanal style, along with the meticulous quality are some of the brand's differentials.

With items for the bar, for the art of the table setting, with a beautiful line of service for the hospitality and also original decorative objects, Orfèvrerie Royale meets new contemporary expectations.

Being recognized for quality objects, impeccable aesthetics, efficient, modern and sustainable.
